Objective

Seeking new career opportunities in **Program Management** and **Product Management**.

Experience

CAESARS DIGITAL, Jersey City, NJ

FEB 2021 – AUG 2024

Flagship mobile betting platform of Caesars Entertainment, offering legal, real-time sports wagering across the U.S. with deep integration into the Caesars Rewards ecosystem.

Tech Manager, Program Management and Product Delivery

Program Management

- Led Go-To-Market (GTM) app launches across 7 new states, partnering with SVPs across Product, Engineering, Marketing, Compliance, and Payments which **resulted in the onboarding of 25M+ new users**.
- Directed M&A related app rebranding **supporting \$100M national marketing campaign** which launched on time and under budget.
- Collaborated with the Marketing and Design Team and executed with engineers for rebranding projects.
- Supported incident triage and conducted root cause analysis to enable blame-free postmortems, resulting in fewer incidents and reduced mean time to repair (MTTR).

Product Development

- Executed feature development of the Caesars Sportsbook iOS and Android app based on Voice of Customer (VOC).
- Led 5+ concurrent cross-functional projects with the focus on feature enhancements **resulting in a 20% increase in the mobile apps Net Promoter Score (NPS)**.
- Coordinated 10+ internal and external teams to release on time and meet key business and regulatory metrics monitored through dashboards in New Relic.
- Strategized, led, and provided proactive executive level status updates on data focused product stability improvements **that resulted in a 50% faster loading application and a 30% decrease in customer service touch points**.

Leadership | Management

- Drove cross-functional, large scale 0 to 1 (inception through product delivery) programs for Caesars Sportsbook app expansion and Go-To-Market execution.
- Managed team of integrated program managers who were outside vendors ensuring on time deliverables.

AT&T, New York, NY

JUL 2018 – FEB 2021

Leading global telecommunications and media company, providing wireless, broadband, and entertainment services to millions of consumers and businesses worldwide.

Sr. Manager, Program Management – Business Operations

Program Management

- Managed post-merger integrations and cross-functional alignment for newly acquired business units Xandr (online advertising), Warner Brothers Discovery (HBO, MAX, CNN, TBS, TNT).
- Built and managed multimillion-dollar program budgets driving program performance to exceed OKRs.
- Developed management strategy during integration, **boosting employee satisfaction by 35% (post-merger survey)**.

M&A Integration

- Created integrations including marketing, HR, legal, finance, product, technology, and office systems which **saved over \$10M via platform synergies**.
- Owned documentation and led training sessions to onboard teams to newly implemented systems.

Leadership | Management

- 3 Direct Reports – Oversaw and mentored Project and Program Managers.
- Led performance reviews and goal setting for team for process improvement.

CAREER HIGHLIGHTS

- **Launched Caesars Sportsbook** in 7 new states, driving the go-to-market execution of a \$100M national campaign and onboarding over **25 million users**.
- **Reduced mobile app load time by 50%** and decreased customer service contacts by 30% through targeted performance and incident response initiatives.
- **Directed a full rebrand and M&A integration** of Caesars Sportsbook, delivering on time and under budget while aligning engineering, product, compliance, and marketing.
- **Cut feature release cycles by 50%** at Paramount across 4 major brands by implementing quarterly planning and Agile best practices.
- **Delivered Paramount's first Alexa Skill** (The Daily Show), engaging 25K+ users within the first 90 days.
- **Generated \$10M+ in annual ad revenue** by launching live/OTT streaming platforms with dynamic ad insertion across Viacom Global brands.
- **Led post-merger integration at AT&T**, creating platform synergies that saved over \$10M and improved internal satisfaction by 35%.

- Delivered Viacom's first Alexa Skill (The Daily Show), **reaching 25K+ users in 3 months.**

Process Improvement

- **Cut release cycle time by 50% across 4 major brands** by implementing quarterly planning cadences and Agile best practices.

Product Development

- **Directed rollout of 50+ features**, overseeing design, development, QA, and executive communication.

Project Manager

OCT 2015 – JAN 2017

Program Management

- Led streaming and ad tech initiatives across Viacom Global brands (Comedy Central, MTV, Paramount, VH1).
- Launched live and on-demand streaming with digital ad insertion, **generating \$10M+ annual ad revenue.**

Live Event Management

- Supported launch of major live events (e.g., 2016 Daily Show Election Special), **reaching 200K+ digital viewers.**

Product Development

- Built free trial preview system for Multichannel Video Programming Distributor (MVPD) subscribers, **capturing 100K+ new trial users.**

BUZZFEED New York, NY

DEC 2014 – SEPT 2015

Digital media company known for its viral content, news coverage, and entertainment across social, video, and publishing platforms.

Project Manager

Program Management

- Managed Content Management System (CMS) enhancements to improve platform security, editorial tools, and usability in an Agile environment.
- Oversaw CMS security improvements and User Interface (UI) updates for mobile/desktop.

Release Management

- Supported daily deployments and QA coordination, enabling near-daily feature releases.

Process Improvement and Scalability

- Collaborated with product and engineering to streamline release process.

MARTHA STEWART LIVING, New York, NY

Jun 2014 – Oct 2014

Diversified media and merchandising company founded by Martha Stewart, encompassing publishing, broadcasting, internet, and product lines.

Digital Project Manager

Product Development

- Oversaw agile track specializing in video experience with team members consisting of frontend and backend developer, designer, quality assurance analyst, and product owner.

Agile | Scrum

- Worked as scrum master for a team responsible for overseeing a product roadmap consisting of all responsive video page enhancements to MarthaStewart.com and MarthaStewartWeddings.com and **increased key KPI's by over 20%.**
- Led all daily scrum meetings, managed sprint task board, and performed daily burndown and velocity tracking to verify team's timely and accurate story acceptance criteria and ensure all blockers were removed for bi-monthly product deployments.

Program Management

- Coordinated with cross-functional departments consisting of SEO and AdOps Analysts, Omniture and Syndication Specialists, content editors, and with product and tech leads to ensure all departmental requirements were met for a given sprint.
